RE: Cheyenne Rancho Professional Plaza  
Tenant Directory Sign – Phase II  
3065 North Rancho Boulevard, #128

To whom it may concern:

The square foot allowance per the City code is not adequate or of sufficient size for proper identification of (42) potential tenant leases. In order to be legible for approaching traffic the letter size needs to be at least 2" minimum to be viewed from oncoming traffic and emergency vehicles. The sign is on a 30 acre parcel set back 300 to 400 feet, with landscape shadowing it so it will not be visible from the street.

Yours truly,

BECKER & SONS, L.L.C

Ernest A. Becker, Jr.  
Manager
